### Nos. 1–2

Forensic Entomology: The Next Step . . . . . 1

*Articles*

A brief history of forensic entomology
M. Benecke (Germany) . . . . . 2–14

Use of beetles in forensic entomology
P. Kulshrestha and D.K. Satpathy (India) . . . . . 15–17

Factors affecting decomposition and Diptera colonization
C.P. Campobasso, G. Di Vella and F. Introna (Italy) . . . . . 18–27

Postmortem interval (PMI) determined by study sarcophagous biocenoses: three cases from the province of Venice (Italy)
M. Turchetto, S. Lafisca and G. Costantini (Italy) . . . . . 28–31

Effect of temperature on *Lucilia sericata* (Diptera: Calliphoridae) development with special reference to the isomegalen- and isomorphen-diagram
M. Grassberger and C. Reiter (Austria) . . . . . 32–36

Preliminary observations on the effects of hydrocortisone and sodium methohexital on development of *Sarcophaga* (*Curranea*) *tibialis* Macquart (Diptera: Sarcophagidae), and implications for estimating post mortem interval
E. Musvasva, K.A. Williams, W.J. Muller and M.H. Villet (South Africa) . . . . . 37–41

Entomotoxicology
F. Introna, C.P. Campobasso and M.L. Goff (Italy, USA) . . . . . 42–47

Forensic entomology: application, education and research in Western Australia
I.R. Dadour, D.F. Cook, J.N. Fissioli and W.J. Bailey (Australia) . . . . . 48–52

A preliminary study of forensic entomology in Medellín, Colombia
M. Wolff, A. Uribe, A. Ortiz and P. Duque (Colombia) . . . . . 53–59

The utility of mitochondrial DNA sequences for the identification of forensically important blowflies (Diptera: Calliphoridae) in southeastern Australia
J.F. Wallman and S.C. Donnellan (Australia) . . . . . 60–67

Activity of the forensic entomology department of the French Gendarmerie
E. Gaudry, J.-B. Myskowiak, B. Chauvet, T. Pasquerault, F. Lefebvre and Y. Malgorn (France) . . . . . 68–71

Stability of prostate specific antigen (PSA), and subsequent Y-STR typing, of *Lucilia* (*Phaenicia*) *sericata* (Meigen) (Diptera: Calliphoridae) maggots reared from a simulated postmortem sexual assault
J.M. Clery (USA) . . . . . 72–76

Dead larvae of *Cynomya mortuorum* (L.) (Diptera, Calliphoridae) as indicators of the post-mortem interval — a case history from Norway
M. Stærkeby (Norway) . . . . . 77–78

PII: S0379-0738(01)00554-0

The development of the black blow fly, *Phormia regina* (Meigen)
J.H. Byrd and J.C. Allen (USA) . . . . . 79–88
Medicolegal relevance of cadaver entomofauna for the determination of the time of death
M.I. Marchenko (Russia) . . . . . 89–109
DNA-based identification of forensically important Chrysomyinae (Diptera: Calliphoridae)
J.D. Wells and F.A.H. Sperling (USA, Canada) . . . . . 110–115
Genetic relationships between blowflies (Calliphoridae) of forensic importance
J. Stevens and R. Wall (UK) . . . . . 116–123
Further observations on the nocturnal oviposition behaviour of blow flies (Diptera: Calliphoridae)
D. Singh and M. Bharti (India). . . . . 124–126
Morphine extraction in necrophagous insects remains for determining ante-mortem opiate intoxication
B. Bourel, G. Tournel, V. Hedouin, M. Deveaux, M. Lee Goff and D. Gosset (France, USA) . . . . . 127–131
The forensic entomologist in the context of the forensic pathologist's role
C.P. Campobasso and F. Introna (Italy) . . . . . 132–139
Determination of drug levels and the effect of diazepam on the growth of necrophagous flies of forensic importance in southeastern Brazil
L.M.L. Carvalho, A.X. Linhares and J.R. Trigo (Brazil) . . . . . 140–144
Insects of forensic significance in Argentina
A. Oliva (Argentina) . . . . . 145–154
Child neglect and forensic entomology
M. Benecke and R. Lessig (Germany). . . . . 155–159

Technical note . . . . . 160

Instructions to authors . . . . . 161–163

**No. 3**

*Articles*

Application of solvent microextraction to the analysis of amphetamines and phencyclidine in urine
C. Casari and A.R.J. Andrews (Italy, USA) . . . . . 165–171
Powder method for detecting latent fingerprints: a review
G.S. Sodhi and J. Kaur (India) . . . . . 172–176
Validation and casework application of a Y chromosome specific STR multiplex
M. Prinz, A. Ishii, A. Coleman, H.J. Baum and R.C. Shaler (USA) . . . . . 177–188
Immunohistochemical quantification of pulmonary mast-cells and post-mortem blood dosages of tryptase and eosinophil cationic protein in 48 heroin-related deaths
V. Fineschi, R. Cecchi, F. Centini, L.P. Reattelli and E. Turillazzi (Italy). . . . . 189–194
Driving under the influence of alcohol and/or drugs in the Netherlands 1995–1998 in view of the German and Belgian legislation
B.E. Smink, B. Ruiter, K.J. Lusthof and P.G.M. Zweipfenning (Netherlands). . . . . 195–203
Sequence polymorphism in the coding region of mitochondrial genome encompassing position 8389–8865
C.-Y. Tzen, T.-Y. Wu and H.-F. Liu (Taiwan). . . . . 204–209
Y-chromosomal STR haplotype in Toscany (central Italy)
U. Ricci, I. Sani and M.L. Giovannucci Uzielli (Italy) . . . . . 210–212
Multiplex DNA typing of short tandem repeat loci on Y chromosome of Chinese population in Taiwan
F.-C. Wu and C.-E. Pu (Taiwan). . . . . 213–222
Population data of Y-chromosomal STRs in lithuanian, latvian and estonian males
R. Lessig and J. Edelmann (Germany). . . . . 223–225
Human Y-specific STR haplotypes in a Slovenian population sample
H. Šterlinko, I. Zupanič Pajnič, J. Balažic and R. Komel (Slovenia) . . . . . 226–228

Diary of future events . . . . . 229–230
Volume contents . . . . . 231–233
Author index . . . . . 234
Subject index . . . . . 235–239
